

FLORENTINA PETICA

WEB DEVELOPER

I am passionate about technology and web development with a focus on React. I started as a self-taught developer, and I am currently graduating from Hack Your Future Copenhagen coding school program. I always seek to learn new things and surpass my personal best, and with web development I can always challenge myself to learn new technologies and also improve my current skills.

City

Copenhagen

Experience

Dec 2018 - Current

Meyers Bageri, Medhjælper

Packing bread and sweets;

May 2011 - Jun 2018

DataMondial S.R.L., Office Coordinator

DATAMONDIAL is a company that provides data entry services, for several clients from Europe. As office coordinator for the testing team, my main responsibilities were:

Proposals for improvement of the work application, that could lead to a higher productivity and quality;

Setting the bases for new clients by establishing the work instruction according to the clients needs and testing the work application.

Reporting errors in the work application to the IT department from Netherlands;
